John Moosey City Manager

City of Palmer 231 W. Evergreen Ave. Palmer, Alaska 99645-6952 (907) 761-1317 E-mail: jmoosey@palmerak.org www.palmerak.org

MEMORANDUM

TO:

The Honorable Mayor and Members of the Palmer City Council

FROM:

John Moosey

DATE:

April 15, 2024

SUBJECT:

Transmittal of the 2024 Adopted Budget

I respectfully submit the adopted City of Palmer Operating Budget and Five-Year Capital Improvements Plan as approved by the City Council on November 28, 2023. The budget includes operating and capital appropriations in response to Council guidelines during the budget discussions and maintains the priorities in public safety, infrastructure improvements, protection of the environment and quality of life in our City.

The 2024 Budget reflects another operationally successful year. Strong financial management has permitted the city operations to thrive. The evidence captured in a report given to the city council on March 12th of an anticipated increase of budgeted sales tax of \$1.4 million for FY2023.

Taxes/Fees

The city sales tax remains unchanged at 3% and the city property tax remains at 3 mils. Significantly the tax rate has not increased over the past quarter century. Water and sewer utility rates have increased, each by 3%.

General Fund Revenue

2024 General Fund revenue shows an increase of \$1,615,269 from \$13,637,920 in 2023 to \$15,253,189 in 2024.

General Fund Expenditures

2024 General Fund expenditures show an increase of \$1,754,074 from \$15,928,233 in 2023 to \$17,682,307 in 2024.

Capital Project Plan

City code requires an annual transfer of ten percent of the unappropriated General Fund reserves to the Capital Improvement Project fund. The amount of that transfer in 2024 is \$603,625. These funds are allocated to projects in 2023 in the attached Five-Year Capital Improvement Project plan. The FY2024 portion of this plan is the third year of the five-year rolling plan and includes projects that are either already funded or were proposed for funding under the 2024 budget.

Legislative Requests

The budget acknowledges City Requests for State/Federal assistance, particularly in the following needed capital improvements:

| 1 | Palmer Public Library The Palmer Public Library suffered a catastrophic roof collapse on February 15, 2023. The Library will need to be rebuilt to continue providing crucial services to the community and the surrounding area. The City has secure \$7,500,000 towards the \$18M. | \$10,500,000 |
|---|---|--------------|
| 2 | Gravel to Paved Road Surfacing- Multi-component "Shovel Ready." Numerous City Streets are still of the gravel variety. Cost of improvement has been a detriment to progress. | \$4,500,000 |
| 3 | Replacement Fire Engine, Brush Truck, and Support Vehicle The City of Palmer Fire & Rescue is challenged with its set of tired, aged equipment that is vital for emergency response. The Brush Truck and Support Truck are used to support Statewide Wildland Operations. A 1987 Fire Engine, a 1990 brush truck, and a 1991 Ford Explorer must be replaced. | \$1,300,000 |
| 4 | Historic Palmer Water Tower Purchase The steel water tower in the historic district of downtown Palmer is iconic of the local agricultural heritage associated with the 1935-1940 Matanuska Colony. The purchase of the water tower property will ensure preservation of the icon, as a key component of Palmer history. | \$100,000 |
| 5 | Rescue Support Vehicle Rescue Support Vehicle for Fire Department. The Rescue Vehicle is the primary rescue response vehicle for motor vehicle accidents and off-road incidents approximately 100 miles up the Glenn Highway and up the Hatcher Pass area. This vehicle would replace the aging 1994 Hackney Freightliner that is currently being used. The 1994 Hackney was not designed to carry the weight of the equipment necessary for rescues now. | \$400,000 |
| 6 | Downtown Road Improvements - Cobb Street "Shovel Ready" Improvements include reconstructed and widened road width to add parking lanes and to accommodate higher and heavier traffic loads. | \$2,575,000 |
| 7 | Park Projects – Multi-Component: Three New Parks and Amoosement Park Upgrade This grant request of \$350,000 is to augment the continuing development of city parks and trailheads. The project is three-fold; create safe access to the Matanuska River trail head and bike trails, a comprehensive recreational Matanuska River trail head Master Plan, and the addition of a Park in Hidden Ranch. | \$350,000 |
| 8 | Safety Service Building The Palmer Police Department and Fire Department are currently housed in midcentury aged facilities that are no longer meeting the City of Palmer's needs. The request is for facilities. | \$46,500,000 |

| 9 | Water System Expansion Access to safe, reliable drinking and fire protection water is a key component in the continued development of the Matanuska-Susitna Borough Core Area. This project is the next step in completion of the outermost planned water main loop in Palmer's Water Distribution System. This project has been identified since the early 2000's under the Palmer Water System Master Plan. | \$19,400,000 |
|----|---|--------------|
| 10 | Veterans Park Establishment The Clock Tower Memorial will serve as a timeless tribute to the valor and selflessness of Veterans, First Responders and Community Servants. | \$750,000 |
| 11 | Water Connection Services, Palmer to Wasilla A legacy project that would connect the city of Palmer's water system to the city of Wasilla's water system to build resiliency and a needed emergency backup. It will also provide an important utility service that will lead to more affordable housing opportunities. | \$42,000,000 |

General Fund Unassigned Fund Balance and Surplus

The Government Finance Officer Association (GFOA) best practices recommend that \$2,548,076 (16.67% of 2024 General Fund expenditures) be the minimum forecast for the unassigned fund balance. For the FY2024 adopted budget the forecast is \$6,686,900 (43.75%), which is above the GFOA recommendation. This balance should be enough for just under six months of payroll, routine average accounts payable and anticipated contractor (reimbursable) payments and emergencies.

Budget Process

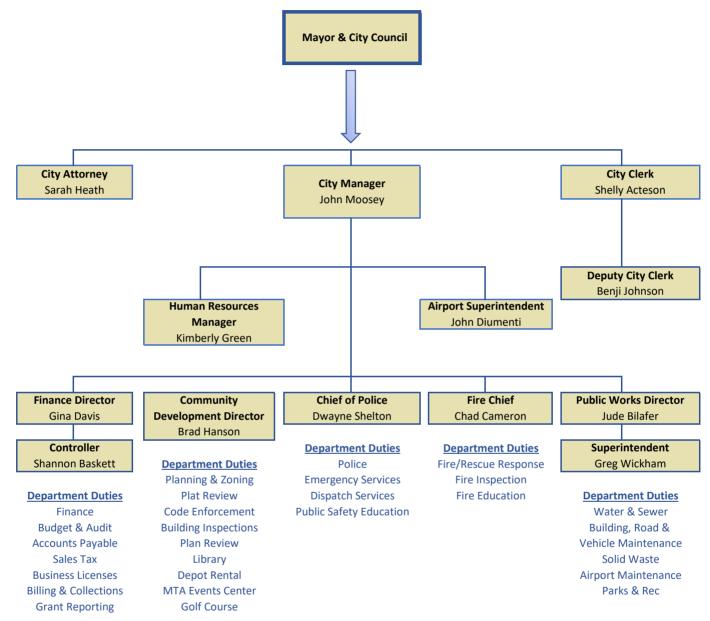

On October 24, 2023, the proposed budget was presented to the Mayor and City Council, and subsequent public meetings were held to receive input from the public. The final budget was approved on November 28, 2023.

This budget reflects a team effort of the Mayor, City Council, and the Palmer Leadership Team, in particular Gina Davis, Finance Director, to produce a financial and operational plan to continue to make Palmer a great place to live and work.

It has been a privilege to serve the citizens of Palmer for the past four years. Throughout the global pandemic, our community has demonstrated remarkable resilience and success. I am proud of the accomplishments and services we have provided. While we have made significant progress, there is still more work to do to fulfill our promise of making Palmer "Alaska At Its Best." The 2024 budget is designed to ensure our city is on solid footing, ready to meet our existing service needs and achieve our collective vision and aspirations.

CITY OF PALMER, ALASKA

Resolution No. 24-001

A Resolution of the Palmer City Council Adopting the City of Palmer Employee Pay Plan

WHEREAS, the City of Palmer wishes to approve the attached pay plan for the compensation of employees; and

WHEREAS, the Palmer City Council moved to adopt new classification study employee pay plan, with stipulation to evaluate all job descriptions, including scoring, giving directors and employees input, within six-months of adoption.

NOW, THEREFORE, BE IT RESOLVED by the Palmer City Council hereby amends its employee compensation pay plan by adopting the attached "City of Palmer Pay Plan-January 1, 2024" with effective date of the pay plan to be January 1, 2024.

Approved by the Palmer City Council this 28th day of November, 2023.

Steve Carrington, Mayor

Shelly M. Acteson, CMC, City Clerk

CITY OF PALMER, ALASKA

Resolution No. 24-002

A Resolution of the Palmer City Council Adopting the 2024 Fee Schedule for the City of Palmer for the Fiscal Year Beginning January 1, 2024, and Ending December 31, 2024,

WHEREAS, portions of the Palmer Municipal Code refer to fees "established in the current, adopted budget"; and

WHEREAS, the Fee Schedule establishes the fees for 2024 and becomes a part of the current, adopted budget.

NOW, THEREFORE, BE IT RESOLVED by the Palmer City Council hereby, through the budget process, adopts the attached fee schedule for a period of one (1) year, that being from January 1, 2024, through December 31, 2024.

Approved by the Palmer City Council this 28th day of November, 2023.

Shelly Acteson, CMC, City Clerk

City of Palmer

2024 Fee Schedule

(Adopted by Resolution No. 24-002)

| Service Fee for Utilities Outside City Limits: | | |
| Monthly Service Fee for Outside City Limits | | 3% |

Summer Sewer Rates:

Residential Rates:

Because summer month water consumption for residential customers increases due to lawn and garden irrigation without a related increase in the use of sewer service, residential customers shall be charged for water actually used for each month of the year, but their sewer service charges for each of the billing cycles to include the months of May, June, July and August shall be set to the flat rate fee equivalent to 0 - 5000 gallons of waste water usage plus sales tax as outlined in the current fee schedule.

Commercial Rates:

Commercial users may install separate water meters to meter water used exclusively for irrigation purposes during the months of May, June, July and August, provided that the commercial customer pays for the purchase and installation of a separate water meter for that purpose, and such installation is approved by the utility. The customer shall pay fees for all water used, but the amount of water used for irrigation through an irrigation system water meter will be deducted from the commercial account's total metered water consumption for the purpose of calculating monthly charges for sewer service.

| Treatment Rates: | |
|---|-------------|
| 0 - 5000 gallons (plus sales tax) | \$ 56.80 |

CITY OF PALMER, ALASKA

Resolution No. 24-003

A Resolution of the Palmer City Council Adopting the 2024 Fine Schedule for the City of Palmer for the Fiscal Year Beginning January 1, 2024, and Ending December 31, 2024

WHEREAS, portions of the Palmer Municipal Code refer to fines "established in the current adopted budget"; and

WHEREAS, the Fine Schedule establishes the fines for 2024 and becomes a part of the current, adopted budget.

NOW, THEREFORE, BE IT RESOLVED by the Palmer City Council hereby, through the budget process, adopts the attached fine schedule for a period of one (1) year, that being from January 1, 2024, through December 31, 2024.

Approved by the Palmer City Council this 28th day of November, 2023.

Shelly Acteson, CMC,

Steve Carrington,

City of Palmer

2024 Fine Schedule

(Adopted by Resolution No. 24-003)

As provided by the Palmer Municipal Code, the following fine schedule applies to all offenses in the Palmer Municipal Code unless a different penalty is specified. Citations for these offenses may be disposed of as provided in AS 12.25.195-230, without a court appearance, upon payment of the amounts listed plus the state surcharge required by AS 12.55.039 and AS 29.25.074. If a person charged with one of these offenses appears in court and is found guilty, the penalty imposed for the offense may not exceed the amount listed for that offense in this schedule.

Palmer Municipal Code (PMC) Title 1 General Provisions

Chapter 1.08 General Penalty

Section 1.08.011 General Fine Penalties

If no other penalty is specifically or by adoption prescribed by a particular ordinance or in this document, the general penalty for violation of the ordinance is:

- \$75 for the first offense.
- \$150 for the second offense of the same ordinance within 365 days of the first offense.
- \$300 for the third offense of the same ordinance within 365 days of the second offense.

In accordance with AS 12.25.195 through 12.25.230, for a violation that cannot result in incarceration or the loss of a valuable license, a person may dispose of the citation without a court appearance by submitting to the clerk of court all of the following:

- 1. Payment of the fine amount and the applicable surcharge listed in AS 12.55.039 and AS 29.25.074; and
- 2. A copy of the citation signed by the person indicating the person's waiver of court appearance, entry of plea of no contest, and forfeiture of the fine.

When the fine is forfeited, a judgment of conviction shall be entered. The fine and applicable surcharge paid is complete satisfaction for the offense.

Section 1.08.013 Other Remedies

- A. The city may institute a civil action against a person, including a minor as provided in AS 29.25.072, who violates an ordinance.
- B. A person who violates a provision of this code may be subject to injunctive relief, compensatory relief, and a civil penalty not to exceed \$1,000 for each violation.
- C. An action to enjoin a violation may be brought notwithstanding the availability of any other remedy.
- D. On application for injunctive relief and a finding of a violation or threatened violation, the superior court shall grant the injunction.
- E. Each day that a violation of a provision of this code continues constitutes a separate violation.
- F. This section does not bar other civil remedies.

Section 1.08.020 Penalty Surcharge

- A. In addition to any fine or other penalty prescribed by law, a person who pleads guilty or nolo contendere to, forfeits bail for, or is convicted of:
 - 1. A violation of this code comparable to a misdemeanor offense under AS 28.33.030, 28.33.031, 28.35.030, or 28.35.032 and adopted under AS 28.01.010 shall be assessed the maximum surcharge pursuant to AS 12.55.039 and 29.25.074;
 - 2. A misdemeanor or other violation of this code if a sentence of incarceration may be imposed for the misdemeanor or ordinance violation, other than a provision identified in subsection

- (A)(1) of this section, shall be assessed the maximum surcharge allowable to Alaska Statutes 12.55.039 and 29.25.074; and
- 3. A misdemeanor or a violation of this code if a sentence of incarceration may not be imposed for the misdemeanor or ordinance violation shall be assessed the maximum surcharge allowable pursuant to Alaska Statutes 12.55.039 and 29.25.074 if the fine or bail forfeiture amount for the offense is \$30.00 or more.
- B. The surcharge shall be deposited into the general fund of the state in accordance with AS 29.25.072.

- 1. The fine amounts are doubled for motor vehicle or traffic offenses committed in a highway work zone or traffic safety corridor, as those terms are defined in AS 28.90.990 and 13 AAC 40.010 (b).
- 2. An offense may not be disposed of, without court appearance, if the offense is in connection with a motor vehicle accident that results in the death of a person.

Palmer Municipal Code (PMC) Title 14 Signs

Chapter 14.08 Sign Regulations

Section 14.08.0240 Remedies and Civil Penalties (applicable to entire chapter):

The city or an aggrieved person may institute a civil action against a person who violates a provision of this title or a term, condition or limitation imposed pursuant to this title. In addition to other relief, a civil penalty not to exceed \$300.00 may be imposed for each violation. Each day that a violation or an unlawful act or condition continues constitutes a separate violation. An action to enjoin a violation may be brought notwithstanding the availability of any other remedy. Upon application for injunctive relief and a finding of a violation or threatened violation, the superior court shall grant the injunction.

CITY OF PALMER, ALASKA

Resolution No. 24-004

A Resolution of the Palmer City Council Adopting the Five-Year Capital Improvement Program for the Fiscal Year Beginning January 1, 2024, and Ending December 31, 2024

WHEREAS, Palmer Municipal Code 3.28 defines a "Five-year capital improvement program as an annual update and long-range need projection of the city included as part pf the annual budget".

NOW, THEREFORE, BE IT RESOLVED by the Palmer City Council hereby, through the budget process, adopts the attached five-year capital improvement program for a period of one (1) year, being from January 1, 2024, through December 31, 2024.

Approved by the Palmer City Council this 28th day of November, 2023.

eMC, City Clerk

CITY OF PALMER, ALASKA

Resolution No. 24-005

A Resolution of the Palmer City Council Adopting a Budget for the City of Palmer, Alaska for the Fiscal Year Beginning January 1, 2024, and Ending December 31, 2024, and Appropriating Monies

WHEREAS, as required in Chapter VI of the City of Palmer Municipal Charter, a public hearing regarding the City of Palmer Fiscal Year 2024 Budget was held on Tuesday, October 10, 2023, Tuesday, October 17, 2023, and continued on Tuesday, November 28, 2023; and

WHEREAS, the Palmer City Council has reviewed the budget presented by the City Manager for the 2024 fiscal year.

NOW, THEREFORE, BE IT RESOLVED by the Palmer City Council:

Section 1. That the budget presented to the Council by the City Manager for the fiscal year 2024 has been reviewed by the City Council.

<u>Section 2.</u> That money shall be appropriated from all City funds as follows:

| | Re | evenues |
|-----------------------------|----|------------|

<u>Section 3.</u> That the rate of the tax levy for the City of Palmer, Alaska for the fiscal year 2024 shall be fixed at 3.00 mills upon each dollar of assessed taxable real and personal property. The revenue from this tax levy is to be used for city purposes.

<u>Section 4.</u> That the 2024 budget is hereby approved for all funds in the amounts and for the purposes as stated above. The supporting line item budget detail as presented by the administration and reviewed by council is incorporated as part of this budget resolution.

<u>Section 5.</u> That the City of Palmer Fiscal Year 2024 operating budget is adopted for a period of one (1) year, that being from January 1, 2024, through December 31, 2024.

Approved by the Palmer City Council this 28th day of November, 2023.

Steve Carrington

Shelly M. Acteson, CMC, City Clerk

CITY OF PALMER FUND DESCRIPTION

The City of Palmer's financial system involves the use of 15 funds. These funds are broken down into four major categories: The General Fund, Enterprise Funds, Special Revenue Funds and Capital Improvement Funds (CIP).

Fund accounting has always been used as a control device to segregate financial resources and ensure that the segregated resources were only used for their intended purpose. The use of funds for financial reporting demonstrates accountability.

There are three broad fund categories: **Governmental Funds, Proprietary Funds and Fiduciary Funds.**

GOVERNMENTAL FUNDS

General Fund: The general fund is the general operating fund of the City of Palmer. It serves as the primary reporting vehicle for current government operations. This fund accounts for all current financial resources not required by law or administrative action to be accounted for in another fund. Financial support for this fund comes from such sources as general property taxes, sales taxes, fees and inter-governmental revenues (i.e. reimbursement from enterprise funds to the general fund for administrative services). Expenditures are authorized in the general budget. In the general fund you will find various departments such as Administration, Legislative, Community Development, Police, Fire, Public Works and Community Services.

Capital Project Funds: Capital project funds account for financial resources used for the acquisition or construction of major capital facilities or projects. These funds are used as a financial reporting tool to demonstrate compliance with legal and contractual provisions, and to compile certain cost data. The purpose is to control expenditures/expenses for each project or closely related group of projects. In the general fund this is mainly used for the construction of roads, equipment and the collection of cost data for projects. The water and sewer funds use this for the addition or improvements of water and sewer lines. The airport funds use this for airport capital improvements.

PROPRIETARY FUNDS

Enterprise Funds: Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. It is the intent of the City Council that the cost of providing goods and/or services to the general public be financed or recovered primarily through user fees. The City has the following enterprise funds: Water and Sewer, Municipal Airport, Land Management, Solid Waste Collection, and Golf Course.

SPECIAL REVENUE FUNDS

Special Revenue Funds: Special revenue funds are used to account for revenues derived from specific sources and to be used for a specific purpose. The City uses special revenue funds to account for Drug Seizure funds, other Police Department grant funds and the Neighborhood Park fund, to account for the fees charged developers when they develop a new subdivision.

FINANCIAL POLICIES

The City form of government is designed to provide maximum local self-government.

The City of Palmer was established in 1951 as a First Class City. On June 5, 1962, the citizens voted to switch to a Home Rule City, which was effective on June 11, 1962. City Charter establishes a December 31 year-end. A wide-range of services are provided by the City for the citizens of Palmer and surrounding areas. Some of the services are planning and zoning, airport facility, water and wastewater services, library, parks and recreation, police protection, fire services, and general administrative services. In addition to general governmental activities, the City provides financial support to certain community service organizations that promote education and economic stability for the citizens of the community. Funding for the City, by order of importance, is provided from sales tax, property tax, interest earnings, State and Federal revenue and other sources.

The City of Palmer Council has the responsibility to set the budget and establish the mill rate for the City.

The need to demonstrate compliance with regulations governing the funding sources for those services requires a complex and advanced accounting system. To fulfill this need, the National Council on Governmental Accounting recommended the use of fund accounting by state and local governments. A description of the fund types is presented in the Fund Description section of this document. Depending on the type of fund referred to, the basis of accounting may be different. The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. The budgetary basis is the same as the Generally Accepted Accounting Principles (GAAP) basis, where encumbrances outstanding at yearend are not treated as expenditures but as reservations of fund balance. The City's budget and accounting systems are operated on the modified accrual basis for governmental fund types (this includes the general, special revenue and capital projects). Revenues are recognized when they become measurable and available as net current assets, and expenditures are recognized when the related fund liability is incurred. The accrual basis of accounting is used for the proprietary fund types, whereby revenues are recognized when earned and expenses are recorded when incurred.

The City of Palmer's financial policies set forth the basis framework for the overall fiscal management of the City. The established long-range policies regarding financial management have been to take a conservative approach on forecasting revenues due to the uncertainty of the revenue source, particularly State revenues. This policy takes into consideration any changes in circumstances or conditions when evaluating both the current and long-range goals, and has helped to maintain

financial stability. The Manager and Department Directors have the primary role of reviewing financial actions and providing guidance on financial issues to the City Council.

Overall Goals

The overall financial goals underlying these policies are:

- 1. **Fiscal Conservatism:** To ensure that the city is in a solid financial condition at all times. This can be defined as:
 - A. Cash Solvency- the ability to pay bills
 - B. Budgetary Solvency- the ability to balance the budget
 - C. Solvency- the ability to pay future costs
 - D. Service Level Solvency- the ability to provide needed and desired services
- 2. **Flexibility:** To ensure that the city is in a position to respond to changes in the economy or new service challenges without an undue amount of financial stress.
- Adherence to the Highest Accounting and Management Practices: As set by the Government Finance Officers' Association standards for financial reporting and budgeting, the Governmental Accounting Standards Board, and other professional standards.

The following policies assist the decision-making process of the Palmer City Council.

Fund Balance Stabilization Policy

Purpose:

To identify the 5 components of governmental fund balance and net position for the City's enterprise funds.

Background:

General Fund:

For governmental funds the difference between assets and liabilities is fund balance. Fund Balance by definition does not equal cash, nor is it the difference between revenues and expenditures. Rather, Fund Balance is the cumulative difference of all revenues and expenditures from the government's creation. It can also be known as fund equity.

Based on GASB 54, fund balance for governmental funds is comprised of 5 components: non-spendable, restricted, committed, assigned and unassigned fund balance.

Non-spendable fund balance is for amounts that cannot be spent because they are not in spendable form or they are legally required to be maintained intact.

Restricted fund balance is for amounts that have restrictions placed on them externally by creditors, grantors, contributors and by other governments' laws or regulations or restrictions required by law through constitutional provisions or enabling legislation.

Committed fund balance is for amounts that can only be used for specific purposes as established by the limitations set forth by the legislative body. These amounts cannot be used for any other purpose unless the legislative body changes or eliminates the specific purpose through the same type of action as used to originally commit the amounts.

Assigned fund balance is for amounts that the government intends to use for specific purposes. The assigned fund balance reflects a government's self-imposed limitations on the use of otherwise available expendable finance resources in governmental funds. The intent must be established by the governing body. An amount cannot be assigned for a specific purpose if it causes a negative unassigned fund balance.

Unassigned fund balance is the remaining amount of fund balance that has not been obligated to a specific purpose for the general fund. The accumulation of unassigned fund balance can greatly assist a government's ability to provide services to its residents. This fund balance allows government to provide a stable taxing policy and revenue structure to fund its services. An adequate level of unassigned fund balance is also a major consideration of credit rating agencies during their evaluation of a government's credit worthiness.

Enterprise Fund:

Net Position. Unlike governmental funds, enterprise funds report all assets and liabilities, including those that are irrelevant to near-term liquidity. Accordingly, the net position of an enterprise fund is not equivalent to fund balance and should not be the focal point for analyzing near-term financial position.

Policy:

The City will maintain the fund balances and net positions of the various City operating funds at levels sufficient to maintain the City's creditworthiness, and provide financial resources for unforeseeable emergencies.

The City will try to maintain the unassigned fund balance of the General Fund two months of the sum of total general fund operating expenditures.

The City will maintain a positive net position balance in each of the enterprise funds to provide sufficient reserves for emergencies and revenue shortfalls.

Prudent Budgeting and Effective Budgetary Control:

Working capital, sufficient to meet current operating needs, is provided for all funds. The working capital designation will provide the cash flow to fund day-to-day City operations. It also significantly reduces the likelihood of the City ever needing short-term debt to cover cash shortages.

Formal budgetary integration is employed as a management control device during the year for the General Fund. Capital projects are budgeted on a project length basis. The objective of these budgetary controls is to insure compliance with legal provisions embodied in the annual appropriated budget approved by the Palmer City Council. The legal level of control (that is, the level at which expenditures/expenses cannot legally exceed the appropriation) is at the fund level. The City Council may pass subsequent supplemental appropriations. Activities of the General Fund and Enterprise Funds are included in the annual appropriating budget. Appropriations lapse at the end of the year.

The City maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Open encumbrances are reported as reservations of the fund balances and are charged to subsequent year appropriations.

The City's financial records for governmental fund types are maintained on a modified accrual basis. Revenues and other financial resource increments are recognized when they become susceptible to accrual. Expenditures are recognized when the fund liability is incurred except for inventories of materials and supplies, prepaid insurance, and similar items that may be considered expenditures when consumed. The City's Proprietary Funds are accounted for on the accrual basis. The accrual basis means that financial records are affected when the revenues are earned and expenses are incurred.

It is important that a positive unassigned fund balance and a positive cash balance be shown in all governmental funds at the end of each fiscal year.

When deficit appear to be forthcoming within a fiscal year, spending during the fiscal year must be reduced sufficiently to create a positive unassigned fund balance and positive cash balance.

Efficient Safeguarding of City Assets:

Management of the City of Palmer is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of 'reasonable assurance' recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits require estimates and judgments by management. Authorization, through purchase orders, is required for the encumbrance and expenditure of funds. An encumbrance is the reservation of the funds necessary to pay for the purchase. The proper account must have adequate appropriations available prior to approval of the purchase order. Formal bids are required for purchases exceeding \$50,000.

Manageable Debt Administration:

Debt administration procedures include the scheduling of bond payments spread over the life of the issue, producing a total debt service schedule that is manageable. Under state statutes, a municipality may incur general obligation bond debt only after a bond authorization ordinance is approved by a majority vote at an election. Debt repayment is timed to correspond to expected cash inflows.

The City will not fund current operations from the proceeds of borrowed funds.

Revenue Policies:

The City will try to maintain a diversified and stable revenue structure to shelter it from short-run fluctuations in any one revenue source.

The City will attempt to maintain a diversified and stable economic base by supporting policies that promote tourism, agriculture, commercial and industrial employment.

The City, where possible and reasonable, will institute user fees and charges for specialized programs and services. Rates will be established to recover operational, as well as capital or debt service cost.

The City will regularly review user fee charges and related expenses to determine if pre-established recovery goals are being met.

Maintenance of a Sound Investment Policy of City Monies:

The City uses a Central Treasury whereby all cash of the general government, enterprise fund, and any other agencies of the City is accumulated and invested. This procedure not only provides internal control but yields a higher rate of return on our investments because the amount available to invest is larger. The investment policies included in the City's Code of Ordinances include requirements for collateralization, diversification and safekeeping, as well as listing authorized investment instruments. The main objectives of this policy is the safeguarding of principal, maintaining sufficient liquidity to meet the City's cash flow requirements, and striving to achieve the highest rate of return on City investments and deposits, with due regard to the security of the investments and margins of risk. The City's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio.

Accounting, Auditing and Reporting Policies:

The City will establish and maintain a high standard of accounting practices in conformance with Generally Accepted Accounting Principles (GAAP).

The accounting system will maintain records and annual financial reports will present a summary of financial activity by departments and agencies within all funds.

Where possible the reporting system will also provide monthly information on the total cost of specific services by type of expense and revenue by fund.

An independent firm of certified public accountants will perform an annual financial and compliance audit and will publicly issue an opinion, which will be incorporated into the City's annual audit.

BUDGET GLOSSARY

ADOPTED BUDGET - Refers to the budget amounts as originally approved by the City of Palmer City Council at the beginning of the year, and also to the budget document which consolidates all beginning-of-the-year operating appropriations and new capital project appropriations.

ALLOCATION - A part of a lump-sum appropriation which is designed for expenditure by specific organization units and/or for the special purposes, activities, or objects.

AMENDED BUDGET - Refers to the budget amounts as adjusted by Council approved supplements throughout the year.

APPROPRIATION - The legal authorization granted by the legislative body of a government which permits officials to incur obligations and make expenditures of governmental resources for specific purposes. Appropriations are usually limited in amounts and time it may be expended.

ASSESSED VALUATION - The valuation set upon all real and personal property in the borough that is used as a basis for levying taxes. Tax-exempt property is excluded from the assessable base.

BOND - A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date in the future, called the maturity date, together with periodic interest at a specified rate.

BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year.

BUDGET DOCUMENT - The official written statement prepared by the City's staff to present a comprehensive financial program to the City Council.

BUDGET MESSAGE - A general discussion of the proposed budget presented in writing by the budget-making authority to the City Council. The budget message contains an explanation of the principal budget items, an outline of the City's experience during the past period and its financial status at the time of the message, and recommendations regarding the financial policy for the coming period.

CAPITAL OUTLAY - Expenditures that result in the acquisition of items such as tools, desks, machinery, and vehicles costing more than \$5,000 each and having a useful-life of more than one (1) year and are not consumed through use are defined as capital items.

COLLATERAL - Assets pledged to secure deposits, investments, or loans.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR) - The official annual report of a government. It includes (a) the five (5) combined financial statements in the combined statement - overview and their related notes and (b) combining statements by fund type and individual fund and account group financial statements prepared in conformity with GAAP and organized into a financial report pyramid. It also includes supporting schedules necessary to demonstrate compliance with finance-related legal and contractual provisions, required supplementary information, extensive introductory material, and detailed statistical sections.

CONTINGENCY - Those funds included in the budget for the purpose of providing a means to cover minor unexpected costs during the budget year.

DEBT SERVICE FUND - A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

EMPLOYEE BENEFITS - Contributions made by the City to designated funds to meet commitments or obligations for employee fringe benefits. Included is the City's share of costs for Social Security, PERS retirement, medical, workers' comp insurance and unemployment insurance.

ENTERPRISE FUND - A proprietary fund established to account for operations that are financed and operated in a manner similar to private business enterprises. In this case, the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

EXPENDITURES - Decreases in net financial resources. Expenditures include current operating expenses, requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

EXPENSES - Outflows or other consumption of assets or occurrences of liabilities (or a combination of both) from delivering or producing goods, rendering services, or carrying out other activities that constitute the entities' on-going major or central operation.

FIDUCIARY FUND TYPES - The trust and agency funds used to account for assets held by a government unit in a trustee capacity or an agent for individuals, private organizations, other government units, and/or other funds.

FINANCIAL RESOURCES - Cash and other assets that in the normal course of operations become cash.

FISCAL YEAR - The twelve month period to which the annual operating budget applies and at the end of which a government determines the financial position and results of its operation. The City's fiscal year extends from January 1 through the following December 31.

FUNCTION - A group of related activities aimed at accomplishing a major service for which a government is responsible.

FUND - An accounting entity with a separate set of self-balancing accounts which comprise its assets, liabilities, fund balance, revenues, and expenditures.

FUND BALANCE - The assets of a fund less liabilities, as determined at the end of each fiscal year. Any reservations of fund balance are deducted to result in an "unreserved fund balance".

FUND TYPE - Any one (1) of seven (7) categories into which all funds are classified in government accounting. The seven (7) types are: general, special revenue, debt services, capital projects, enterprises, internal service, and trust and agency.

GENERAL FUND - A fund used to account for all financial resources except those required to be accounted for in another fund.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP) - Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules, and procedures necessary to define accepted accounting practice at a particular time. They include only broad guidelines of general applications, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations.

GOVERNMENT FUND TYPES - Funds used to account for the acquisition, use, and balances of expendable financial resources and the related current liabilities, except those accounted for in the proprietary funds and fiduciary fund. Under current GAAP, there are four (4) government types: general, special revenue, debt service, and capital projects.

INTERFUND TRANSFERS - Amounts transferred from one fund to another fund. This includes reimbursements, residual equity transfers, and operating transfers.

LAPSE - As applied to appropriations, the automatic termination of an appropriation. Except for indeterminate appropriations and continuing appropriations, an appropriation is made for a certain period of time.

LEVY - To impose taxes, special assessments or service charges for the support of government activities. Also, used to denote the total amount of taxes, special assessments, or service charges imposed by a government.

LIABILITIES - Debt or other legal obligations, arising from present obligations of a particular entity, to transfer assets or provide services to other entities in the future as a result of past transactions or events.

LONG TERM DEBT - Debt with a maturity of more than one (1) year after the date of issuance.

MILL - A measure of the rate of property taxation, representing one one-thousandth of a dollar of assessed value.

MILLAGE RATE - The tax rate on property, based on mill(s). A rate of 1 mill applied to a taxable value of \$100,000 would yield \$100 in tax.

MODIFIED ACCRUAL BASIS OF ACCOUNTING - A basis of accounting in which revenues and other financial resources are recognized when they become susceptible to accrual, that is, when they are both "measurable" and "available to finance expenditures of the current period". "Available" means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred except for: 1) inventories of materials and supplies that may be considered expenditures either when purchased or when used and: 2) prepaid insurance and similar items that may be considered expenditures either when paid for or when consumed. All Governmental funds, expendable trust funds, and agency funds are accounted for using the modified accrual basis of accounting.

OPERATING BUDGET - Plans of current expenditures and the proposed means of financing them. The annual operation budget is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Annual operating budgets are essential to sound financial management and should be adopted by every government.

OPERATING TRANSFERS - All interfund transfers other than residual equity transfers.

OTHER FINANCING SOURCES - Governmental fund general long-term debt proceeds, land lease payments, land sale payments, proceeds from the sale of fixed assets, operating transfers in, service charges, and fees for governmental services.

PROPERTY TAX - A tax levied on the assessed value of property in mills.

PURCHASE ORDER - A document authorizing the delivery of specified merchandise or the rendering of certain services for a stated estimated price. Outstanding purchase orders at the end of the fiscal year are called "encumbrances".

RECOMMENDED BUDGET - The budget proposed by the City Manager to the City Council for adoption.

RESOLUTION - A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

REVENUE - Increases in the net current assets of a governmental fund type other than expenditure refunds and residual equity transfers. General long-term debt proceeds and operating transfers in are classified as "other financing sources".

REVENUE BONDS - Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund.

SALES TAX - A tax levied on the sales price or charge on all sales, rentals and services made within the City.

SPECIAL REVENUE FUND - A fund used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditure for specified purposes.

TAX RATE - The level at which taxes are levied.

TAX LEVY - The total dollar amount of tax that optimally could/should be collected based on tax rates and assessed values of personal and real properties.
