1. Ordinance No. 23-002

Summary Statement/Background:

This ordinance is presented by the City Council of Palmer, Alaska, and seeks to authorize the issuance of general obligation bonds to repair or replace the Palmer Public Library, which has suffered roof damage due to severe winter conditions. The principal amount of these bonds would not exceed \$10,000,000 and the funds would cover the cost of construction and any associated expenses.

The City has the constitutional authority to issue these bonds as a home rule city, and this course of action is deemed necessary and in the best interest of the City and its residents. The issuance of general obligation bonds must be ratified by a majority of the City's qualified voters.

To secure approval from the residents, the ordinance authorizes the City Clerk to submit the bond proposition to qualified voters to approve in the October 3, 2023, regular City election. This proposition would clearly outline the intent to issue general obligation bonds, what they would be used for, and how they would be secured.

The total expected cost for the project is anticipated not to exceed \$16,000,000, and it is expected that, if approved, some of the costs already incurred by the City in connection with the library repair or replacement project will be reimbursed with proceeds from the bonds.

If passed, and the total sum of \$10,000,000 is required to complete the Palmer Public Library Project and bonds are issued, and the City needs additional funds to retire the debt over a period of twenty (20) years, the potential cost of the bonds to City taxpayers would be approximately \$135.00 annually per \$100,000 of assessed real and personal property value.

The ordinance will only become effective if the majority of voters approve the proposition on the October 3, 2023, election. Until then, all other sections of the ordinance will be in effect upon approval.

WHEREAS, the City of Palmer, Alaska (the "City") owns and operates the Palmer Public Library; and

WHEREAS, due to adverse winter weather conditions a portion of the roof of the Palmer Public Library collapsed and is need of major repairs; and

WHEREAS, the City is evaluating the feasibility of repairing, expanding or replacing the Palmer Public Library; and

WHEREAS, the City is also evaluating available funding sources, in addition to the issuance of general obligation bonds, to assist in paying costs of the repair or replacement of the Palmer Public Library; and

WHEREAS, the City is a home rule city and under Section 11 of Article X of the Alaska Constitution may exercise all legislative power not prohibited by law or the charter of the City, and the City has determined that the matters set forth in this ordinance are not prohibited by law or the charter; and

WHEREAS, Section 11.1(a)(1) of the Palmer City Charter authorizes the City to issue general obligation bonds, the principal and interest of which are secured by the full faith and credit of the City provided that such general obligation bonds are authorized by the City Council and ratified by a majority of the qualified voters of the City; and

WHEREAS, it is necessary and in the best interest of the City and its residents that the City authorize the issuance of general obligation bonds for the purposes described in this Ordinance.

Section 1. It is hereby determined to be for a public purpose and in the public interest of the City of Palmer ("City") to incur general obligation bond indebtedness in the principal amount not to exceed Ten Million Dollars (\$10,000,000) for purposes of paying Costs of Construction (as defined hereinafter) of the Palmer Public Library ("Project") and to pay costs of issuance of such bonds.

"Costs of Construction" means all costs paid or incurred by the City in connection with the acquisition and construction of capital additions, improvements, replacements and betterments to and extensions of the Project, and placing of the same in operation; paying or reimbursing the City or any fund thereof or any other person for expenses incident and properly allocable to the acquisition and construction of such improvements and the placing of the same in operation; and all other items of expense incident and properly allocable to the acquisition and construction of such additions and or replacements and improvements, the financing of the same, and the placing of the same in operation.
